

Spearheading Innovative Rural Economic Development

CUSTOMS CLEARING AGENT/FIRM

Rural Development Investment Holdings Plc (RUDEVIT) is implementing its granulated organic fertilizer factory and to this end has imported various machineries that will be installed in its designated factory in Blantyre.

The company is seeking services of an experienced customs clearing agent to process the importation of machinery, facilitating its clearing process, and dealing with all required procedures with Malawi Revenue Authority.

Interested applicants should be registered with Malawi Revenue Authority (MRA) and must have demonstrable experience in handling large machinery importations.

Applicants should indicate their handling fees and basis of charging handling fees. Applications should be sent **by email only** and should be submitted not later than 30th September 2022.

Interested applicants should submit their applications to:
